W.J. MALONEY PLUMBING BEGINS WORK ON PHASE 3 FOR U.S. BORDER PATROL PROJECT

W.J. Maloney Plumbing Co., Inc. has begun work on Phase Three of an expansion project at Mariposa Land Port of Entry near Nogales.

The four-phase project consists of the phased demolition of the existing Port of Entry and the new construction of multiple buildings including inspection and detention areas, office space, and other Customs and Border Patrol (CBP) required spaces. W.J. Maloney Plumbing is providing the plumbing services and construction for this project, including the site and building natural gas piping and solar water heating units.

The work is scheduled to be completed in 2013 with Hensel Phelps as the general contractor.

“We take great pride in being selected for projects such as this because it speaks to the quality craftsmanship our tradespeople provide on a daily basis,” said Kathryn “Kitty” Maloney-Langmade, president of W.J. Maloney Plumbing, Co, Inc. “It also demonstrates our diversity – whether it is a project such as this, a solar energy project or a hospital.”

Since 1964, W.J. Maloney Plumbing has been a leading plumbing contractor in the greater metropolitan Phoenix area. Working with many of the largest general

contractors, the company has provided exemplary design build plumbing, from tenant improvement to complex multi-story projects that include many of the most prominent buildings in the Valley. Other projects W.J. Maloney has worked on over the last several months include the OASIS Hospital in Phoenix, the Sky Train Project at Sky Harbor International Airport and a solar thermal project at the University of Arizona. W.J. Maloney Plumbing also provides extensive commercial and residential service, maintenance and repair, and is Small Business Enterprise (SBE) and Disadvantaged Business Enterprise (DBE) certified.
